

Girl Scouts of Northern Illinois 2011 Fall Product Gift of Caring Share Program

Instructions for All Facilitators:

If your group would like to participate in the Girl Scouts of Northern Illinois (GSNI) Fall Product Gift of Caring/Share Program, please read on . . .

- The GSNI Gift of Caring/Share for Fall Product Program is a completely **virtual** system this year. All nuts/candy and magazine subscriptions ordered "virtually" will be donated to our military through Ashdon Farms only.
- A \$5 donation purchases one nut/candy item, and four \$5 donations purchases one subscription to a magazine.
- Locate the Gift of Caring/Share column on the GSNI Fall Product Program order form.
- Explain to the girls that this is where they will enter the number of \$5 donations they receive.
- Every girl who participates with a \$5 donation receives a free share patch.

Thank You Notes and Drawings:

- Please include a drawing or personal note for the donated nuts/candy. Drawings and notes may be mailed or brought to your local service centers separately.
- For all thank you notes and drawings please include the child's first name only, city/town and state. **No exceptions, please.**
- If you would like to include your e-mail, you may. The recipient may choose to thank your group for the items received. However, **ONLY** the adult in charge may submit an address for reply. If you should receive a "thank you" email, please forward a copy to each parent in your group as well as to info@girlscoutsni.org.
- **Please be sensitive in your messages.** We will deem any note or drawing that we receive having reference to "Hope you don't get shot", "I bet you miss your family", or "Hope you don't die" as inappropriate and unacceptable. Additionally, please do not include drawings of anything violent, including pictures of guns, bombs, etc.

**Thank you for participating in this program.
Your support is greatly appreciated!**
