

## Illinois License Plate Interest Inquiry

### Illinois Residents! Let's get Girl Scouts license plates!

Show your Girl Scout pride wherever you go by displaying specialty license plates honoring the Girl Scouts!

But first, 850 residents have to request that Girl Scouts plates be made—and that's easy to do. Just complete the following form and FAX it to the state. No money is needed. Once enough requests have been made, you'll receive notification and official ordering and payment instructions.

So far, about 100 requests have been sent; so pass this along to friends, family, and sister Girl Scouts.
