

## NIU STEM Outreach's Science Saturdays

*Add some wonder to your weekend!*

Beginning February 11, NIU STEM Outreach is presenting interactive hands-on science classes to help students in grade 4 and up explore scientific concepts on everything from the physical properties of sound waves to the forces that keep roller coasters from flying off their tracks.

Students can sign up for just one or as many sessions as they want. Discounts will be provided to families registering multiple students and for students participating in all sessions. Parents are welcome to attend their students' classes and get in on the fun.

**When:** 9 am to 12 pm on Saturdays in February, March, and April

**Where:** NIU's Faraday Hall Room 105 in DeKalb

**Cost:** \$25 per Saturday session

**Schedule:**

- February 11 – The Science of Sound
  - February 25 – Programming Robots with Lego Mindstorm™
  - March 10 & 24 – Batteries Included!
  - April 7 – How's That Work?
- April 15 – Roller Coaster Physics

Space is limited! Find full descriptions at our [website](#) and register [here](#).

For additional information on Science Saturdays and other programs offered by NIU STEM Outreach, contact Jeremy Benson at (815) 753-0533 or [jjbenso@niu.edu](mailto:jjbenso@niu.edu) or go to [www.niu.edu/stem](http://www.niu.edu/stem).

**February 9 – Day of Doctorow 12-2:15 PM**

**NIU's Holmes Student Center – Sandburg Auditorium**

See a free live talk on the book *Little Brother* presented by sci-fi author Cory Doctorow and a panel of NIU experts. Can't make it to campus? Stream the discussion online.

**April 10 – SF Teen Read discussion: *The Carbon Diaries 2015* 7:05 PM**

Teens are invited to campus to discuss Saci Lloyd's book with climate change and energy experts.

Learn more about both SF Teen Read events at [www.niu.edu/stem/sfteenread](http://www.niu.edu/stem/sfteenread).
