

## Introducing GSNI's New Partnership with Rallyhood!

We're pleased to share this convenient communication tool to support your important work as a GSNI volunteer, leader, organizer, and mentor. Our goal is to help you on your Girl Scout path. We want to make your experience as meaningful for you as it is for the Girl Scouts you lead!

By offering Rallyhood to our members, we intend to provide a safe, secure environment where members can easily organize, engage, and collaborate across the GSNI Council with staff, fellow volunteers, parents, and partners.

Rallyhood is a free platform offered to you through GSNI. While you are not required to utilize Rallyhood, we invite you to explore the platform and consider how well it combines the functionality of an assortment of online "open source" applications into one easy-to-use location.

Above all, Rallyhood provides its service free of underlying algorithms that open-source and social media applications notoriously use. GSNI and Rallyhood share the same high value on your privacy and strive to keep us all communicating in safe environments, free of ads. We have procedures in place to help you be successful with Rallyhood every step of the way. Please refer to our [Rallyhood Success Tools](#).

We look forward to sharing your enthusiasm for this enhancement to our suite of support tools. We are confident that once you start using Rallyhood for your communications within your troop and/or Service Unit, you will feel comfortable engaging with your fellow members, parents, and caregivers in an environment you manage and administer.
