

Digital Cookie 9.0 is a program developed by GSUSA in conjunction with Little Brownie Bakers which allows girls to take electronic orders for cookies. Customers will have the ability to order and pay for cookies online and have the option for the cookies to be shipped directly to them (shipping charges apply), have the Girl Scout deliver the cookies, or donate cookies with no additional fees.

Digital Cookie 9.0 opens for girl delivery and donation orders Thursday, December 15, 2022.

There is no requirement for Girl Scouts to participate in the Digital Cookie 9.0. However, GSNI believes it is a great opportunity for participants to sell to family and friends living at a distance, customer convenience, and contactless selling. Digital Cookie 9.0 also provides the opportunity for Girl Scouts to learn more about e-commerce and running a business in today's world as well as earn badges and the Cookie Entrepreneur Family pin. The decision to participate in Digital Cookie is a Girl Scout/family decision. It is not a decision that has to be made as a whole troop. However, the Troop Cookie Chair must follow the proper steps required for any Girl Scout in the troop utilizing Digital Cookie 9.0.

How to get started?

- Parents and Troop Cookie Chairs/Leaders watch for your registration email from the Girl Scout Cookie Program (email@girlscouts.org) with the subject "Register for the Digital Cookie Platform Today". Digital Cookie Mobile App

The Digital Cookie Mobile App is a sales tool allowing customers to make purchases electronically while in-person with a Girl Scout. It can be used with Door-to-Door sales, at a Cookie Booth, or really any in-person sales method.

The app cannot be used to manage a Girl Scout's online platform. The app is strictly a sales tool.
