

Camper Pickup Release Information 2025

Please inform any person who is picking your camper up that they will be **REQUIRED** to show identification in order to pick up the camper. This includes the parents/guardians. Campers will **NOT** be released without proper proof of identification.

If the name of the person attempting to pick up your camper is not listed below, your camper will not be released until an authorized adult originally listed comes to pick her up in person. This is a procedure we strictly adhere to for your camper's safety, recognizing that not every adult known to your camper has secured your permission to transport her.

Using the space provided below, please list the names of trusted adults whom you have authorized to pick your camper up from camp. If you plan to carpool, make sure that the pickup driver's name is included in this list. ***The parent/guardian completing this form must also list her/his name to be authorized for pick-up.***

Name of Authorized Adult	Relationship to Camper	Phone Number

Please list any adults who are **NOT AUTHORIZED** to pick your camper up from camp:

- _____
- _____
- _____
- _____
