Troop Camp Guide

girlscouts 
of northern illinois

Experience for Every Troop

Girl Scouting has always offered many opportunities and experiences to our youth and continues to encourage youth to relax, connect, and grow. Troop camping plays a key role in the Girl Scout Leadership Experience as it allows youth members to explore new activities, develop valuable skills, build self-confidence, and spark an interest in environmental conservation. Whether they're earning badges, trying a new outdoor adventure, or simply having fun, Girl Scouts always have an unforgettable experience when they attend our camps.

- Camping provides Girl Scouts with the chance to step outside their comfort zones and engage with nature in ways they might not otherwise could.
- Nearly 50% of Girl Scout alumni say that camping trips were among the most memorable aspects of their Girl Scout journey, right after the friendships and fun they shared with other Girl Scouts.
- One of the top-rated benefits of being a Girl Scout is the exposure to nature and the sense of connection it fosters.

Step #1

Step one for an unforgettable outdoor experience is having prepared co-leaders or parent helpers. Girl Scouts of Northern Illinois (GSNI) offers trainings and resources to help adults get comfortable as they plan and lead successful troop camping outings.

- Beyond the Troop Meeting is a self-study and the first step in starting any outdoor activity or adventure. To go to camp for the day this training must be completed. The self-study is online in gsLearn and has an assessment at the end which must be completed.
- Lodge Camping Training, offered several times per year for adults, is required for troops planning to stay overnight in a lodge, hotel, lock-in, or sleepovers.

- Outdoor Overnights Training, offered several times per year for adults, is required for troops planning to stay overnight in outdoor units such as sleeping cabins, platform tents, covered wagons, yurts, and pitching tents. This training offers more advanced outdoor cooking methods.

GSNI offers a wide variety of sites and facilities. Troops can pick from three properties in Big Rock, Stillman Valley, and Harvard, Illinois.

We welcome you to review our properties to see what awaits you at each site. Visit www.girlscoutsnl.org/campandoutdoors.

Step #2

Reservation Timeframes

Most troops camp on the weekends, but troops are welcome during weeknights as well. All properties must be reserved three weeks ahead of time and up to one year in advance.

For overnight rentals, check in begins at 4 p.m. and check out is 3 p.m. Buildings and outdoor units can also be rented for day use for \$30 per site; check in begins at 9 a.m. and check out is 3 p.m.

The Gnome hunt, goat hunt, bird hunt, corn maze, sledding, snow shoeing, and cross country skiing all require a site reservation and must be booked three weeks in advance.

Two nights are recommended to truly experience “getting away”, but troops can stay one night. GSNI provides discounted rates to groups staying two nights.

Before Booking a Site

- Most times of the year, troops can book sites up to one year in advance—check with your troop to find desired dates and locations. Camp Dean and Camp McCormick are not available during the summer months June 1 – August 15 each year due to council-led summer camp.
- Make sure all children and adults are currently registered Girl Scouts.
- Determine if you have an adult who has taken our Outdoor Trainings, which is required before you can plan a troop

camping trip. It is recommended to complete training at least nine months in advance.

- If not, sign up for a training through GSNI before your camp date.
- Determine who will be your first aider(s) and whether their certification will be current for your camp date. This should be a second adult and not the only Outdoor Trained adult.
- If yes, have a copy of their certifications sent to Customer Care at customercare@girlscoutsni.org
- If not, sign up for a First Aid/CPR Training through GSNI.

Step #3

◆ To Reserve a Site:

- Go to <https://www.girlscoutsni.org/campandoutdoors>.
- Select the camp you would like to reserve.
- Click on the Reserve Today link.
- You will be re-directed to Active Net, our reservation site.
- If you have not created an account in ActiveNet, you may need to do so at: https://anc.apm.activecommunities.com/girlscoutsni/home?onlineSiteId=0&from_original_cui=true
- Click on the Reservation tab at the top.
- You can enter which camp you want in the search bar or scroll until you see the location or activity you would like to book.
- Enter the dates you would like to reserve.
- If a site is not available, a red box will show that there is a conflict for the dates you want.
- This means the site is booked, and you will need to select new dates.
- When clicking the acceptance boxes and signing that you have read the facility agreement and confirmation packet make sure to download these documents as they have important information and a roster you must turn in at check in.
- Payment is due at the time of reservation.
 - Please note that out of council troops and groups will have additional fees

for lodging and activity reservations.

- After payment, a receipt will be displayed which you can email or print.
- You can also look at your receipt in My Account on Active Net at any time.

◆ Step #4 After Booking:

- Plan your activities with your Girl Scouts.
 - Note that outdoor facilitated activities will need to be booked through Active Net.
- One week prior to your arrival, please confirm your reservation with the appropriate camp ranger. Ranger phone numbers are in the confirmation packet you will receive with your receipt.
- Once you have confirmed your reservation and agreed on a check in and check out time, troops should adhere to that time so other troops are not delayed with checking in/out. If something comes up,

Cancellations/Transfers

and you must change your time, please stay connected with the ranger.

- Share troop camping information with all parents and drivers prior to your trip.

Cancellations made three weeks before your reservation will be eligible for a refund for campsites and facilitated activities. Once approved by the camp's ranger, a refund will be issued for the cost of the reservation to the original form of payment or a credit on your Active Net account to use at a later time.

Cancellations made within three weeks of the arrival date will not be refunded for campsites and facilitated activities. We do not allow transfers; therefore, a refund request must take place three weeks before your reservation and must be re-booked. Emergency situations will be handled on a case-by-case basis.

Refund requests must be done with our Customer Care Team at customercare@girlscoutsni.org or 844-476-4463.

- **What if...it rains all weekend?** Do you have any backup activities planned? Do

Is Everyone Ready to Campout?

ADULTS	GIRL SCOUTS	TROOP
<ul style="list-style-type: none"> • One of the adults in your groups has the appropriate outdoor training necessary. • One of the adults in your group is certified in First Aid/CPR. • Beyond the troop meeting is completed in gsLEARN. • Lodge Camping training is completed to stay in lodges. • Outdoor Overnight training is completed to sleep outdoors in Adirondacks, yurts, platform tents or outdoor sleeping cabins. • Group has enough volunteers to meet Girl Scout Adult/Girl Scout Ratio. • Understand living conditions in camp. • Have made transportation arrangements. • Have Girl Scout information sheet, permission slips, activity waivers, and emergency contact information for all girls and adults attending. 	<ul style="list-style-type: none"> • Parents support camp experience. • Can manage with: <ul style="list-style-type: none"> • Darkness • Weather • Plants and dirt • Insects & small creatures • New activities and food • Changes to bedtime routine and schedule • Can keep up physically. • Can carry their own equipment. • Want to go camping! • Understand living conditions in camp. • Willing to help with camp chores (cleaning/kapers). • Have previously participated in day and/or overnight experiences with troop/group. • Have practiced packing personal belongings for easy carrying. • Can manage keeping track of personal gear. 	<ul style="list-style-type: none"> • Has planned and practiced their camping skills together. • Has discussed camp rules and best practices while at camp. • Understands emergency procedures while at camp. • Plans an “After Camping” evaluation for troop members and parents to improve their future camping experiences. • New activities and food • Changes to bedtime routine and schedule

Plan for the “What if”

you have rain gear? Do you have an extra change of clothes in case you get wet?

- **What if...** there is a wind advisory or a red flag warning? During wind advisories and red flag warnings, campfires are prohibited. Do you have a backup plan for cooking?
- **What if...** there is an accident? Do you have Health Forms for all campers? Where is your first aid kit? Do you have emergency contact information for everyone attending? Who is your designated First Aid Adult?
- **What if...** the troop is sharing a unit with other troops? Have you talked about sharing “space” with other troops or groups that are also camping? Sharing the facilities? Sharing the cooking equipment? Being respectful of other groups during quiet times?

- **What if...** a meal we are cooking gets ruined? Do you have a backup plan for lunch/dinner? Did you pack enough snacks? Are you keeping your food safe from critters large and small?

Year-Round Lodges

Camp Dean Big Rock, IL

Facilities for Rent

Dean Lodge

- Located in the center of camp

GSNI Land Acknowledgement

Girl Scouts of Northern Illinois recognizes that our Camps and Resource Centers are located on the ancestral Native lands of Turtle Island, the original name for what now is called North America. Northern Illinois is the home of the Sauk, Meskwaki, Peoria, Kickapoo, Ho-chunk, and Potawatomi tribes and more. GSNI is committed to developing partnerships and programs that honor and amplify the voices of Indigenous communities and learning from their knowledge. With that, we pay our respects to Indigenous peoples both past and present.

A Land Acknowledgement is a statement recognizing the lasting relationship between Indigenous Peoples and their traditional territories. Recognizing the land is an expression of gratitude and way of honoring Indigenous peoples who have been living and working on the land from time immemorial.

Northern Illinois is home to one of the larger Native American communities in the United States living outside their lands in trust. The members of these Native American communities continue to share and celebrate their heritage, practice traditions, and care for the land.

The Girl Scouts of Northern Illinois are dedicated to the acknowledgement and preservation of Native American lands and we seek to support indigenous communities with ongoing relationships with indigenous organizations and individuals.
