Is Your Troop Product Ready?

- There must be two (2) registered troop leaders with current background checks on file with GSNI.
- Troop leaders must complete all required trainings including the new 415 GSUSA Child Abuse and Neglect Prevention Training.
- The troop must have a current bank account, and an ACH Agreement that has been submitted to GSNI.
- Returning troops must have submitted financial documents to GSNI for the previous membership year (MY25).
- The troop must meet the [Troop Minimum Size Requirement](#) (to earn troop proceeds).

Protect the Troop

All troops need to have the parent/guardian of each Girl Scout complete the [Product Program Permission/Financial Responsibility Form](#). This form is critical to have on file so GSNI can assist with pursuing parent debt if necessary. If this form was completed by parent/guardian for the 2025 Fall Product Program and a copy was kept, a new form does not need to be completed.

Troop Cookie Chair

The Troop Cookie Chair organizes and oversees the Girl Scout Cookie Program for the troop, in coordination with the troop leaders(s) while taking into account any Girl Scout-led decisions. The Troop Cookie Chair receives support from the Service Unit Cookie Coordinator and GSNI's Product Program Team.

The Troop Cookie Chair should be comfortable with keeping accurate inventory and financial records, using program software, and communicating with Girl Scouts and parents in the troop to effectively organize and implement the program.

The Troop Cookie Chair must complete the [415 2026 Troop Cookie Training in gsLearn](#) to receive the troops program materials. Review the full [Troop Cookie Chair position description](#) for more details.

Cookie Booths

Cookie booths are a fast and easy way for Girl Scouts to sell cookies to customers. Participation in cookie booths is strongly encouraged, but optional for troops and Girl Scouts. Individual Girl Scouts striving for high goals, may participate in a cookie booth individually with a parent.

The [GSNI Cookie Booth Guide](#) is filled with many more details and resources for running a successful cookie booth including a [Cookie Booth Inventory Sheet](#).

Blue Ribbon Booth

The Blue Ribbon Booth program will be a new addition for the 2026 Girl Scout Cookie Program as GSNI staff and board members visit cookie booths. This is a great time for Girl Scouts to share what their favorite cookies are, what are their individual and troop goals, how the troop will be using their proceeds, favorite cookie stories, and more! Reminder, Girl Scouts should be wearing their uniform vest or sash. Staff and board members visiting the booths will also distribute a Blue Ribbon Booth fun patch to the Girl Scouts present at the cookie booth.

Styles of Cookie Booths

- Traditional Cookie Booth
- Cookie Stand
- Drive-Thru Cookie Booth
- Digital Cookie Troop Link
- Virtual Cookie Booths

Troop Booth vs. Council Booth

Troop Booth

Troop Booth sites are defined as retail locations that are **not** listed as a Council Booth site. Some examples of Troop Booth sites are restaurants, banks, churches, community events or other local retail locations. Cookie Stands and Drive-Thru Booths should also be entered into eBudde for approval as a Troop Booth site. Businesses with a no solicitation policy include, but are not limited to, CVS, ALDI, Costco, The Fresh Market, Home Depot, Meijer, Butera, Woodman's, and Target.

- Booth locations must be within the boundaries of GSNI's service area. Inappropriate* locations include, but are not limited to, liquor stores, gambling facilities, dispensaries, tattoo parlor, bars, etc.
- Obtain permission from the retailer, property owner or business manager first before requesting approval in eBudde.
- All Troop Booth requests must be entered into eBudde on the Booth Sales tab. Click on Add/Edit a Troop Booth and +Add.
 - Troop Booth requests may be entered into eBudde starting *Friday, January 2*.
 - We do **not** recommend contacting retail locations prior to January 1 to make reservations. Prior to January 1, during holiday shopping, is when scheduling errors frequently occur on the retailer's end.
 - While there are no restrictions to Troop Booth reservations, be considerate of other troops that may want to also utilize a location.
 - Entry of complete address information is required, including exact street number and street name along with the city and zip code.
 - Requests are approved on a first-come, first-served basis. Therefore, if two troops request the same time and location, approval will go to the troop that entered their request first.
- Complete the requested information for your business location.
 - If entering a Cookie Stand site at a residential location, enter Cookie Stand as the name of the business.
- Your request will be reviewed and either approved or denied. Reasons a site may be denied include, but are not limited to, deemed inappropriate*, reserved by another troop, complete address not provided, a Council Booth site, monopolizing a site, or a safety concern.

Council Booth

Council booth sites are defined as a retail location with multiple opportunities which are secured and entered into eBudde by council. These sites will include, but are not limited to, Walmart, Sam's Club, Walgreens, Blain's Farm & Fleet, and other high-traffic locations such as local food chains. Volunteers **may not** contact these locations on their own to avoid conflicting communication with the store managers. *Council Booths will be scheduled for February 27-March 22 only.* All Council Booth sites are listed in eBudde under the Booth Sales tab. Keep watching eBudde for new sites and schedules. Please remove your site reservation if your troop is no longer going to attend.

First round sign-up for Council Booth sites

- *Wednesday, January 21 (6 a.m.)—Sunday, January 25 (11:59 p.m.).*
- Troops may only sign-up for three sites. Each site must be a different retailer.

Second round sign-up for Council Booth sites

- *Monday, January 26 (6 a.m.)—Sunday, March 22.*
- Troops may sign-up for a maximum of 15 sites at the same retailer. No limits on total number of sites.

Booth Site Waitlist in eBudde—Troops will have the opportunity to be notified if a scheduled specific booth site date/time becomes available due to a troop cancellation. See [GSNI eBudde Troop Manual](#) or ask your Service Unit Cookie Coordinator for additional instructions.

*Inappropriate is defined as an establishment that Girl Scouts themselves cannot legally patronize.

Planning and Guidelines for a Cookie Booth

- Cookie booths can be held *February 13-March 22*. The first two weeks, *February 13-26*, are for Troop Booths only.
- Decide as a troop on how many cookie booths would be preferred, along with dates, and specific locations.
- Sign-up for Council Booth sites through eBudde.
- Arrange Troop Booth sites.
- Order additional cookies through eBudde, as needed, from a Cookie Cupboard.
- Plan your cookie booth at a troop meeting.
 - Create posters and decorations to Bling Your Booth.
 - Create a donation box for customers to purchase donation packages. Money collected from a customer not interested in purchasing a package of cookies for themselves **must** go towards donation packages and may not be “pocketed” by the troop.
 - Have a money box or apron and bring a start-up bank for change.
 - Set-up your Digital Cookie Troop Link to accept credit card payments.
- Schedule Girl Scouts and parents for each booth. If multiple Girl Scouts, two adults must be present and whenever possible one should be a trained Troop Volunteer. No more than three Girl Scouts are recommended at a booth at one time.
- Practice with Girl Scouts how to approach and talk to customers, respond to customers with recommendations, and offer alternate buying options.
- Girl Scouts should always be gracious and remember their manners when talking to potential customers. Always say please and thank you—even to those who decide not to purchase cookies.
- Day of Cookie Booth
 - Record the cookie inventory and start-up bank being brought to the booth.
 - Bring your own table, chair(s), and sign(s), etc.
 - Upon arrival at location, check-in with the store manager for any final instructions.
 - Set-up booth. If following another troop, be considerate of their shift while setting up.
 - Be considerate of all customers (booth and retail location) and follow all instructions of the retail location. We want Girl Scouts to have a positive impact and be welcomed back in the future.
 - Girl Scouts should visibly wear sash/vest/tunic to identify as Girl Scouts. Dress for the weather. Most retail locations do NOT allow the booth to be set-up inside.
 - Clean your cookie booth area of all litter, papers, water bottles, case boxes, etc. before you leave. A Girl Scout always leaves a place cleaner than how it was found!
- Immediately after Cookie Booth
 - Take inventory of remaining cookies and count money.
 - Deposit money into troop bank account as soon as possible.
 - Give package credit to Girl Scouts participating at the booth in eBudde using Booth Recorder in eBudde. See eBudde Troop Manual for additional instructions.

Represent Girl Scouts in a Positive Manner!

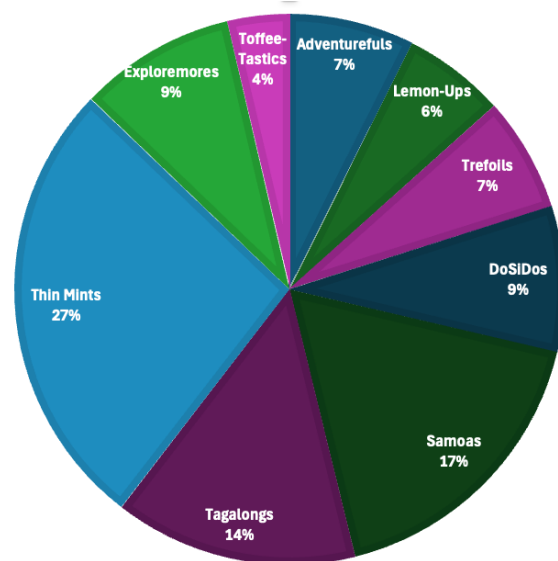

If you arrive at a booth site and there is another troop there, act appropriately.

- Have a professional, adult conversation with an adult from the other troop. Mistakes happen.
- Take the conversation away from the Girl Scouts and away from the retail location door and retail/prospective cookie customers.
- Constructively identify if there is confusion of date, time, or location on the part of one of the troops or if there is a double-booking. In the case of a double-booking, work together towards a fair solution such as sharing the site (especially if there are multiple entrance doors at the location), split the time that has been double-booked, etc.

How Many Cookies to Order for a Cookie Booth?

One of the most difficult parts for troops holding a cookie booth is to estimate the number and variety of cookie packages to bring to a booth. There is no perfect formula for ordering cookies as location, weather, week of booth, saturation, etc. all factor into how many cookies may be sold at a booth.

On average, troops sell 30-40 packages of cookies per hour. So, for the typical three-hour cookie booth, approximately 90-120 packages may be sold.

Cookie Cupboards

Troops may order additional cookies after Initial Order for cookie booths, walk-about selling, and Digital Cookie Girl Delivery orders received after Initial Order, etc. Volunteer and council staffed cupboards are available throughout the GSNI's service area. See your Service Unit Cookie Coordinator, [Rallyhood](#), or eBudde Reports tab for complete list of all cupboard locations and hours.

Volunteer cupboards will close on Monday, March 16. This is to manage inventory across the council and centralize at council cupboards.

Resource Center Council Cupboards

Cupboard orders can be placed in eBudde starting <i>Monday, February 2.</i> Council Cupboards Open <i>February 12-March 21</i> and <i>Tuesday, March 24.</i>

How to Place an Order

- GSNI recommends placing orders by Mondays for the upcoming weekend. Orders are filled at each cupboard in sequence received.
- Use the Transaction tab in eBudde to place an order. Review [GSNI eBudde Troop Manual](#) for detailed instructions.
- Please pick-up orders at the scheduled appointment time!
- Cookies **cannot** be returned.
- Payment for cookies received through the cupboard will be collected through the Final Bank Sweep with the exception of [Cookie Cravers](#).

How to Exchange Cookies at a Cupboard

- Cookies may be exchanged (individual packages or cases, no minimums) for another variety.
- When entering an exchange order in eBudde, place your order for the cookies you would like to receive/pick-up the same as you would for any other order. In the Contact Info box, above your name, type RETURNING with the variety and number of cookie packages returning. The quantity of packages returning must equal the number of packages in the order placed.
- Damaged packages may be brought to any cupboard for replacement of the same cookie variety.

Troop to Troop Transfers in eBudde are another way to obtain cookies when just a few packages are needed and gives credit to the appropriate Girl Scout and troop. **[Cookie Exchange within your service unit is available through eBudde.](#)** See [GSNI eBudde Troop Manual](#) or ask your Service Unit Cookie Coordinator for additional instructions.

Service Unit Goals and Bonuses

Service units that reach their council-set goals will receive 6¢ per case as a bonus. Those exceeding their council-set goal by 5% or more will receive 12¢ per case. Bonuses will be issued at the end of the season. Ask your Service Unit Cookie Coordinator for additional details on how your troop can help meet your service unit’s goal.

Gift of Caring Opportunity

GSNI encourages troops to [deliver Gift of Caring \(GOC\)/donation cookies](#). For troops that deliver GOC cookies and complete the [GOC Delivery form](#), participants will receive the custom Thank You patch!

- Contact one or more local organizations such as first responders, military organizations, service organizations, food pantries, essential businesses, teachers, or another local organization to donate cookies.
- Donate cookie packages set aside by the troop or pick-up cookie packages from council cupboards to donate.
- Take photos of Girl Scouts delivering cookies.
- To receive patches, submit the [GOC Delivery form](#) by *Monday, April 13*.
- Patches will be mailed in June to the troop contact person entered on the form.

Cookie Business Challenge

Girl Scouts can be a Cookie Entrepreneur by participating in the [Cookie Business Challenge](#)!

Girl Scouts are encouraged to ask businesses to purchase or make a Gift of Caring donation of a case (12 packages) or more of cookies. If a Girl Scout sells a case (or more!) to three or more businesses, the custom Cookie Business Challenge patch will be earned. Any business that purchases a case or more of cookies from a GSNI Girl Scout will receive a window cling with a letter thanking them for supporting GSNI and the Girl Scout Cookie Program.

For Girl Scouts to receive their patch and ensure businesses are recognized appropriately, the Girl Scout/parent must complete the online [Cookie Business Challenge form](#) by *Friday, March 27*. Patches and window clings will be mailed by June.

Cookie Craver

To receive cookies for additional customer orders, parents or Troop Cookie Chairs/leaders may bring in a [Cookie Craver submission form](#) to a [GSNI Resource Center Council Cupboard](#) or designated volunteer cupboards *Thursday, February 12-Saturday, March 21*. Payment is required at the time of submission/cookie pick-up. Review [Cookie Cravers](#) for more details and forms.

- Girl Scouts collect additional cookie orders from customers. Payment is collected at the time of the customer's order. Online orders cannot be submitted as part of this activity.
- Complete the Cookie Craver submission form and bring full payment to a participating cupboard.
- Girl Scouts with a Cookie Craver submission form of 18+ packages will receive the Goal Getter Patch!
- The Cupboard Manager will enter eBudde transactions to give credit to the Girl Scout towards rewards and the troop credit towards proceeds. Cookie Craver orders **cannot** be entered into eBudde in advance like a typical cupboard order or the troop will be double charged.

eBudde

eBudde is the operation management system used by volunteers to facilitate the cookie program for their troop. For more details and instructions regarding eBudde, see [GSNI eBudde Troop Manual](#) and volunteer training videos at www.girlscoutsni.org/cookieresources and [Rallyhood](#).

eBudde app

Once a volunteer logs into eBudde on the desktop, the eBudde app can be used—putting all the functionality of eBudde at a user’s fingertips!

Digital Cookie

Digital Cookie allows Girl Scouts to create a customized website, send emails to customers, and take online orders for cookies. Customers order and pay for cookies online. They have the option for the cookies to be shipped directly to them (shipping charges apply), have the Girl Scout deliver the cookies, or donate cookies.

There is no requirement for Girl Scouts to participate in Digital Cookie. However, Digital Cookie provides the opportunity for Girl Scouts to learn more about e-commerce and running a business in today’s world. The decision to participate in Digital Cookie is a Girl Scout/family decision. It is not a decision that has to be made as a whole troop. However, the Troop Cookie Chair must follow the proper steps to give credit for any packages sold by any Girl Scout in the troop utilizing Digital Cookie.

For more instructions and details regarding Digital Cookie, see [Digital Cookie Manual](#) and Digital Cookie tip sheets and videos at www.girlscoutsni.org/cookieresources and [Rallyhood](#).

How Do Troop Cookie Chairs/Leaders Get Started?

- A welcome registration email will be sent from the Girl Scout Cookie Program ([email@email.girlscouts.org](mailto:email@girlscouts.org)) on *Friday, January 2*.
- Troop Cookie Chairs will receive this email the same day as parents. If not the parent of a Girl Scout, you will still receive an email as a volunteer.
- Once registered, if you have multiple roles (parent and Troop Cookie Chair), at your next login you will see a screen where you select the role for which you want to login. This could include parent of multiple Girl Scouts and/or multiple troops listed.

After the Troop Link is set up, volunteers can use the app to take orders at cookie booths using the Troop Link. Orders can also be approved/declined on the app, but users must login to the full Digital Cookie for other functions. Review the [Mobile App volunteer tip sheet](#) or [video](#) for more information.

After a Girl Scouts site is set up and parent approved—working with their parents—they can take cookie orders from customers using the Digital Cookie Mobile App. Review the [Mobile App parent tip sheet](#) or [video](#) for more information.

Guidelines and Policies

Social and General Media Posting Policies

Posting to any allowed [social or general media](#) may **only** be done during GSNI's Girl Scout Cookie Program sales dates listed below.

Posts Allowed

- Information regarding in-person, online and booth sales may be posted *January 6-March 22, 2026*.
- Posting to personal social media sites is permitted. Be cognizant of settings (private vs. public).
- Posting to **local** public social media sites (approved membership or public) with Girl Scout or Troop Digital Cookie Link for online direct ship orders and public pick-up of Girl Delivery orders is permitted. We remind parents and troop volunteers to be safety conscious and cautious providing a Digital Cookie Link to unknown customers. **Always** meet in a public location for distribution of Girl Delivery orders from unknown customers.
- Posting to **local** public social media sites (approved membership or public) for the promotion of cookie booths, cookie stands, or to take traditional orders is allowed. **Always** meet in a public location for distribution of orders from unknown customers.
- Creation of a special social media site with a Girl Scout or Troop Digital Cookie Link is allowed. It should include the sales goal of the Girl Scout or troop and how the troop plans to use troop proceeds.

Posts Not Allowed

- Posting to national sites such as, but not limited to, eBay, Craigslist, Amazon, Facebook Marketplace, YouTube, Shopify, etc. is **not** permitted.
- **No** paid advertising of any kind on social media or general media is allowed.

GSNI reminds everyone that the Girl Scout Cookie Program is a Girl Scout-led program and Girl Scouts should be involved as much as safely possible in social media and online sales. We also recommend parents use caution when posting to **any** social media site. The safety of Girl Scouts and their families is first and foremost. Parents should use their best judgement when approving in-person delivery orders versus shipped-only orders, to customers they don't know. A Girl Scout should always be accompanied by an adult when delivering cookies. Abuse or misuse of a Girl Scout's Digital Cookie site may result in GSNI inactivating the site.

Adhere to GSNI Cookie Program Dates, Pricing, Boundaries, and Cookies.

Girl Scout Cookie Program dates and pricing are specific for each Girl Scout council. It is important that GSNI troops, Girl Scouts, and families follow the program dates and pricing set for GSNI.

All GSNI troops must keep in-person participation within the boundaries of GSNI's service area. No booth sites or door-to-door participation method may occur outside of GSNI's boundaries. If you see a troop participating within GSNI boundaries which you suspect is not from GSNI, **do not** confront the troop or engage in a conflict. Make note of the date, time, location, and troop number (if possible) and report the information to your Service Unit Cookie Coordinator or GSNI's Product Program Team. GSNI will follow up with the appropriate council.

Finally, only cookies offered by GSNI's contracted baker, Little Brownie Bakers may be sold. No other cookies are to be sold by GSNI Girl Scouts or troops and **all** packages must be sold for \$6 per package. This includes any cookies from the other baker with the same name (Adventurefuls, Trefoils, Thin Mints and Exploremores).

Troop Penalties

All programs have requirements, expectations, and rules for participants. The cookie program is no different. It is important that troops and Girl Scouts have equal opportunities to participate in the Girl Scout Cookie Program and gain important life and entrepreneurial skills. GSNI would hope parents, Girl Scouts, troop leaders, Troop Cookie Chairs, etc. would all act appropriately, but unfortunately this does not always happen. If GSNI confirms a report that a troop or a Girl Scout within a troop has broken any rules or requirements of the program, including but not limited to, early selling, selling at higher pricing, selling outside of GSNI's boundaries, posting to restricted social media sites, or selling rewards, GSNI may enforce penalties. Troops may incur penalties through a reduction in troop proceeds. This is not something GSNI wants to do, but because of prior incidents, it is unfortunately something that may need to be enforced.

The Troop Cookie Chair or troop leader is expected to explain the requirements of the cookie program to Girl Scouts and their parents, along with the explanation that if even one Girl Scout in the troop breaks the rules, the entire troop may be penalized.

Reports of inappropriate selling activities will be accepted and investigated by GSNI's Product Program Team. Girl Scouts, parents, troop leaders, and Troop Cookie Chairs should not confront the troop, be argumentative, or engage in a conflict. Reports should include specific information such as date, time, location, troop number and/or name when possible.

Troop Minimum Size Requirement for Product Programs

To ensure GSNI abides by IRS guidelines revolving around product sales, these [troop size guidelines](#) as they pertain to Product Program troop proceeds (fall product and cookies), have been created. It is important we comply with IRS guidelines so as not to endanger the not-for-profit status of GSNI, GSUSA and Girl Scout councils nationwide. This policy has been in effect since September 2016.

Troop Level	Minimum Size
Daisy, Brownie, Junior	5 Girl Scouts (from multiple families) + 2 unrelated leaders (1 must be female)
Cadette, Senior, Ambassador	3 Girl Scouts (from multiple families) + 2 unrelated leaders (1 must be female)

For the 2026 Cookie Program, the minimum must be met by *Monday, January 26*.

What happens if your troop size does not meet the minimum?

- This does not mean your troop is no longer a troop!
- Your troop will be treated as a group of Juliettes (individual Girl Scouts) for the purpose of troop proceeds.
- Girl Scout and troop rewards will still be earned.
- During troop bank sweep, the entire cost of product sold will be swept from the troop account. No troop proceeds will be awarded.
- S'more Dough will be given to participating Girl Scouts instead of troop proceeds.
- Notes on S'more Dough:
 - S'more Dough distribution, uses, and restrictions are similar to Cookie Dough.
 - The amount of S'more Dough a participant earns is based on ranges of product sold.

Requirements for Additional Money Earning Activities

While Girl Scouts/troops are encouraged to participate in GSNI's product programs as their primary money-earning activities, Girl Scouts/troops are also able to earn money through activities outside of Product Programs. However, to apply for **any** additional money-earning activities, **the troop must participate at the minimum levels listed below in both the Fall Product and Girl Scout Cookie Programs.** *Please note that additional money-earning activities are not permitted during September 15-October 31 and January 1-March 31, to preserve the integrity of the Fall Product and Girl Scout Cookie Programs.*
