

Cookie Case Tiered Display

Set it up!

Create a tiered display with a repurposed cookie case and new cookie bundles. This new display is the perfect way to showcase cookies at a booth. Highlight all varieties, varieties with extra inventory, or promote exciting new cookies bundles like Tea Time Treats featuring Trefoils® and Lemon-Ups®.

Visit [LittleBrownie.com](https://www.littlebrownie.com) for more inspiration.

Supplies:

- Cookie case
- Scissors or Cutting Knife
- Clear tape
- Marker, Pen or Pencil
- Cookie images (optional)
- Ruler (optional)

Little Brownie
BAKERS®

Cookie Case Tiered Display Activity

Little Brownie
BAKERS®

- 1 Use an empty cookie case. Draw perpendicular lines on each of the short sides to make four quadrants. You can use a ruler if desired.

- 2 Make a line across the front of the box that connects to the center lines on the two sides.

- 3 With scissors or a cutting knife, cut a square out of the top corner of the box. Remember to keep your fingers safe.

- 4 Cut on the line down the center of the long side of the box. Then, cut out the corresponding corner square from the last short side.

- 5 Use tape to connect the top step to the inside flap.

- 6 On the separated case piece, flip the name upside down. Tape the handle side to the front of the base step.

- 7 Tape the flaps to the back.

- 8 Decorate your display with cookie images available at LittleBrownie.com.
