MAKE A PITCH

Teens can reach their goals by pitching bulk Girl Scout Cookie™ orders to businesses.

Provide a script template and give girls time to practice their pitches. They can write their script for either in-person or virtual selling.

- **This activity gets girls one step closer to earning one of the NEW Cookie Business badges!**

Go virtual:

Host breakout sessions so girls can write in pairs. They can take turns practicing by sharing their screens, playing videos and trying out virtual backgrounds.
